# An Innovative Corner System

Controlling contamination in technical facilities and clean rooms is always a challenge. Corners, in particular, are where most of the imperfections are found:

- Their shape makes cleaning and decontamination difficult
- Poorly welded, they can tear or sag under the weight of traffic
- Weakened by use, they end up losing their watertightness

In partnership with cleaning professionals, Gerflor has developed Clean Corner System: a patented innovative corner solution. Years of research and development have led to Clean Corner System (this system works only with Gerflor floors).

Thanks to ultra-resistant and versatile profiles (photo 1), the Clean Corner System is suitable for all your projects, for perfect results (photo 2).

## OUR CUSTOMERS TESTIFY

“ **Clean Corner System makes the rooms very attractive and easy to clean.** It also allows facilities to be converted into clean rooms!

Jocelyn MILLIAT, Biomérieux La Balme

”

“ **Clean Corner System** is an aesthetic solution with an increased strength of welding. It provides excellent results in terms of cleaning.

Drôme Nord Hospital

”

“ This system is easy to implement and provides very good results in terms of cleaning.

Aubonnet

”

# ... That makes the difference

## Quick and easy cleaning and decontamination

Clean Corner System	Standard corner
	
<ul style="list-style-type: none"><li>• Easy-to-reach rounded corner</li><li>• Cleaning and decontamination made easy</li></ul> 	<ul style="list-style-type: none"><li>• Stagnant dust</li><li>• Cleaning and decontamination are more difficult</li></ul> 

## Sustainability, durability & stability

No risk of tearing or delamination of the floor covering in the corners.

Clean Corner System	Standard corner
	
 	 

## Watertightness & versatility

Developed to make coving easier in the corners and to limit welding, the Clean Corner System ensures perfect watertightness.

		
Floor + pharma partition (with or without coving sections)	Floor + Mural Ultra (welding) / SureProtect Pure / SureProtect Endure	Floor + Mural Calypso (covering)

# Ultra Cleanliness

Suitable for all Gerflor PVC floors, the Clean Corner System technology meets the requirements of professionals in:

- The pharmaceutical industry in accordance with GMP (Good Manufacturing Practice).
- The health sector meeting the constraints of risk zones 4.

**Clean Corner System**  
Inside and outside corners

**Floor**  
(Mipolam, Taralay, etc.)

**Wall covering**  
(Mural Ultra, SureProtect Pure, SureProtect Endure)

**Cleaner and more robust facilities,**

Regardless of the configuration and usage constraints
